RUMORS OF UPRISING

Dark Rumblings Heard Indicate Serious Upheaval Brewing

(By Associated Press.)

Berlin, January 27.—Heavy patrols of soldiers guarded the government buildings during the past night and stopped all traffic over the streets in that neighborhood, where barricades were thrown up by the troops before nightfall.

Rumors were heard during the evening that anarchists had planned an uprising today, which is the birthday of former Emperor William, and Minister of Defense Noske had massed troops as a precautionary measure.

While government officials have denied any knowledge of an intended insurrection, and say the attack on Minister of Finance Erzberger yesterday prompted the mobilization of the forces, it is declared the authorities sought to forestall action on the part of the supporters of the imperial regime.

Paris, January 27.—The German government has sent a note to Paris trying once more to induce the allies to renounce execution of Article 228 of the peace treaty dealing with the surrender of persons accused of acts in violation of the laws and customs of war.

VESSEL IS LAUNCHED COMPLETE WITH STEAM UP

The "City of Sherman" sliding sideways into the water.

The recent side launching of the "City of Sherman," a 9,600-ton steamer, at the Pensacola, Fla., shipbuilding yards, is considered one of the most remarkable feats in shipbuilding history. The ves-

sel was 95 per cent complete when it slipped into the water. The boilers carried steam enough to handle the boat when it was launched. The boat was sent into the water sideways. According to

builders, the boat is the second to be launched with its own steam up. The ship was named after Sherman, Tex., one of the first cities to go over the top in the last Liberty loan drive

(By Associated Press.)

Washington, January 27.—Congress will be asked by President Wilson to authorize a loan of \$150,000,000 to Austria, Poland and other European countries and Armenia for food relief, as requested by Secretary Glass.

At the White House today, it was said the President had taken a deep interest in the proposed loan, and that within a few days he would write a letter on the subject to the leaders in Congress.

Secretary Glass was before the republican steering committee of the House today to explain the needs of the European countries.

FLU DECLINING CHICAGO SEES A RAY OF HOPE

(By Associated Press.)

Chicago, January 27.—Health officials today found a ray of hope in the influenza situation, despite predicting at the same time that deaths from that disease and pneumonia reported today probably would surpass the high record of 166 established yesterday.

The doctors pointed to a drop yesterday to 1,616 new cases of influenza and 367 of pneumonia as indicating that the attacks of the two diseases was waning.

Another Bi-Partisan Conference Called For Next Thursday

Hitchcock Announces Compromise to Which Democrats Will Agree.

Promise Given Not to Call Up Ratification Until After Thursday.

Democratic Leader Says An Agreement on Article Ten Had Been Reached.

(By Associated Press.)

Washington, January 27.—Notice was served on republican leaders of the Senate today by Senator Hitchcock, administration spokesman, that unless compromise negotiations on the peace treaty were continued he would carry the fight to the Senate floor by moving to take the treaty up there.

The notice was given in the reply of the informal democratic compromise committee to the refusal of the republicans to compromise on article ten of the league of nations covenant. Out of the discussion which followed came an agreement for the bi-partisan committee to meet again on Thursday. Thus the door to compromise was not entirely closed.

Senator Hitchcock agreed that meantime he would not move for Senate action. He did not indicate that the democrats would recede from their position and Senator Lodge said after the conference, that the republican conferees had not changed their stand against compromise on article ten and the Monroe Doctrine.

Democratic leaders in their reply to the republican ultimatum regarding article ten, did not present a definite refusal to go on with negotiations but expressed great surprise declaring an article ten compromise already had been assented to by most of the members of the conference before the republicans served notice they would not agree to a compromise.

Under the proposed compromise as made public by Senator Hitchcock the Senate would declare by reservation that the United States would not employ the economic boycott or its armed forces to preserve the territorial integrity of any other country unless Congress acted in each case.

Senator Hitchcock before he went to the conference was in communication with the White House but it did not develop how far the President might be in accord with the proposed compromise reservation as made public by the Senate leader.

MANY PROMINENT MEN COME OUT FOR TANLAC

MAYORS, JUDGES, BANKERS, LAWYERS, DOCTORS EDITORS AND MINISTERS INDORSE IT

FEEL IT THEIR DUTY TO TALK

They Come Forward and Unhesitatingly Tell Suffering Humanity What Celebrated Medicine Has Done for Them.

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid endorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctor Prescribes It
Dr. J. T. Edwards, of Fayetteville, Ga., one of the best known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the country.

"In my thirty years of actual practice as a licensed physician in the state of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

Noted Texan Talks.
Hon. Archie R. Anderson, ex-sheriff of Harris County, Texas, is unquestionably not only one of the best known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Windsor, Ga., is not only one of the best-known physicians and druggists in the state of Georgia, but is also a man of extensive property and wide

FORMER MAYOR RECOMMENDS IT

HON. FRANK V. EVANS, OF BIRMINGHAM, ALA., MAKES STRONG STATEMENT

One of the latest additions to the large and rapidly growing list of prominent men who have publicly indorsed Tanlac for the good it has done them is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best-known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. Intending of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and another spell. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath. "I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

Influence, ranking as one of the leading citizens of that entire section. He has been in the drug business in Windsor for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have indorsed Tanlac are:

Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council; Hon. George Samuel Riley, former chief of Police in Macon, Ga.; Hon. C. G. Lavender, register of Williamson County, Tennessee; Dr. W. H. Brown, 4822 Charlotte Ave., Nashville, Tenn.; founder and president of the Tennessee Protestant Home for Girls; John E. Carroll, cotton mill superintendent, of Chattahoochee and Atlanta; Hon. B. F. Whittington, Judge of the Fulton Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager for the Gustin Bacon Manufacturing Co., Kansas City; Mr. James Taylor, Illinois State Mine and Mineral Inspector residing at Peoria; Rev. W. C. Norton, pastor of the Wesley Memorial Church of Jacksonville, Fla.; Rev. E. G. Butler, pastor Central Baptist Church of Muskogee, Okla.; Hon. R. W. Damon, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms sheriff of Fulton County, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. FRED GRIFFITH SHOOTS FATHER DURING ANGER

Harry H. Griffith, Garage Man of Sabina, Fatally Wounded Early Tuesday.

Enraged Son Uses Pistol And Four Bullets Take Effect.—Is Arrested.

During a fit of anger Tuesday morning, Fred Griffith, 23, ex-soldier, fired four shots at his father, Harry H. Griffith, garage owner of Sabina, who is now in a dying condition at his home in Sabina, while the son is in the Clinton county jail awaiting preliminary hearing for the crime.

The shooting occurred in the Griffith home at 8:30 Tuesday morning, and each of the four shots took effect. The first shot fired took effect in the father's arm, the next inflicted a scalp wound on the head, the third struck him in the back and penetrated one lung, while the fourth shattered the spine.

Physicians West and Craig of Sabina hurried to the scene and found the young man in the room with his father and step-mother. He still carried the deadly weapon with which the crime had been committed. Dr. West disarmed young Griffith and a short time later Griffith was in the custody of Marshal Williams and on his way to the Clinton county jail to await a preliminary hearing.

The wounded man fell unconscious at the end of the shooting and had not regained consciousness a few hours later. It was believed his death was merely a matter of hours. The attending physicians declare that there is no hope of recovery.

Young Griffith had been employed in his father's garage, and a few months ago stole one of his father's machines and disposed of it, later being taken into custody and returned to Sabina where his father did not prosecute. Both principals in the affair are known in this city.

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1 1/2 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

Consumer—

The average consumer eats about 1/2 lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1 1/2 cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

No Room For Tourists

Foreign countries are having the same housing difficulties found in our own country and finding even harder to solve the problem of meeting them.

Especially is this the case in Italian cities, which have increased their population at such an amazing rate during the war that they swarm with inhabitants and have little or no room for tourists.

Before the opening of the war Rome had only 550,000 inhabitants. It now has 800,000 and seems to be growing daily. Nor is this growth due to foreign population. Of that the influx has been slight and, crowded as are the streets day and night, seldom is any other language but Italian heard.

Apartments and houses are almost impossible to obtain and the authorities in the cities are hard pressed to find shelter for the population that has fled from the mountains and the country and flocked into the cities.

Withal the demand for houses it is greatly to Italy's credit that there has been no profiteering. Rents have been rigidly kept down by the laws. Whether, as Italy returns to pre-war conditions and her populace becomes quiet and peaceful, there will be a second hegira back to the hills, remains to be seen.

It is to be hoped for Italy's financial future that such will prove the case. Italy has always been a tourists' country. Into her coffers have flowed each year large sums from the travelers of England, France and most of all, America. The cry for the return of these tourists and the wealth they bring is now going up from Italy and her people are hoping in this way to recuperate a share of their losses.

But, under present housing conditions, the ability of this nation to accommodate guests as of old is doubtful. There must be a clearance of the cities before American tourists will find in Rome, Venice, Florence and Genoa accommodations which will lead to their former popularity.

Trade With Mexico

A ray of hope in the Mexican situation, particularly in the matter of trade, which has become more and more a problem with the ever-increasing tension in diplomatic matters, becomes apparent with the announcement by the American Chamber of Commerce of Mexico of plans for a trade conference between business men of Mexico and the United States to be held in Mexico City on February 11, 12 and 13.

It is expected that more than a hundred prominent business men of New York, Chicago, St. Louis and other cities will attend this conference, at which business experts will advise concerning Mexican sales methods and distribution, Mexican agencies and representations, banking facilities, credits, financing of Mexican exports, shipping, etc.

The United States representatives will be accorded the privilege of observing conditions in any part of Mexico and the chamber is hopeful that this opportunity of gathering first hand evidence concerning the state of Mexican affairs will tend to build up a new confidence in the stability of Mexico and more securely bind the commerce of the two countries, which in 1918 had reached nearly two hundred and fifty million dollars and which has been increasing steadily in spite of the international political tension.

Inasmuch as commerce is the one paramount bond between the two countries, this evidence of a desire for greater co-operation on both sides cannot but have a salutary effect on diplomatic relations.

Our National Flaw

The National Thrift Week, just over, has sobered the thought of the American people to a realization of the need of sensible saving and prudent buying. The installing of such a week in the present period of expensive living and lavish expenditure and the extent to which it was given attention speaks mightily well for the underlying good, sound common sense of Americans.

A prominent divine has put it concisely and well when he says: "Thrift is what we pay for the uncertainties of life."

This country is so prosperous and her people so satisfied that the vision of what might happen tomorrow is lost.

It has been called our national flaw—this feeling of sureness that tomorrow will be like today. Thrift means that we look ahead, realize the possibility of a different tomorrow and make some provision for those uncertainties which sudden changes of fortune bring.

A little careful study into the lives of successful people will impress thrift as a big factor in determining success or failure. Fortune's whims, cleverness or opportunity may have their part in success or failure but self restraint at the right moment, which is the underlying principle of thrift, plays the biggest part of all.

POETRY FOR TODAY

WINTER FANCY

In these barren shut-in days
Fancy lures me many ways;
Fancy, with its necromancy,
Prodigal the part it plays.

For it shows me how the spring,
From the Southland journeying
With the northward-faring bluebird,
Will return on azure wing.

Tells me tales of pimpernels,
Where the white wake robin dwells,
And reveals the hoarded honey
Hidden in the wild-phlox cells.

Of wealth bids me to share
Orient aromas rare,
All the ecstasies of April
With its daffodilian air.

Come, then, Fancy, bide with me
Till the hour when I shall see
The eternal vernal rapture
In its clear reality!

Our Job

As the leader of a great industry, Willard is held responsible, and rightly, for storage battery improvement, for storage battery service, and for giving all necessary help and information to the great car-owning public.

To make the new Willard battery owner's task easier, in addition to our responsibility for the quality of material and workmanship, we offer to all such as properly register the new battery at a Willard Service Station, a 90-day service free of charge, with full and complete printed information on every point the owner needs to know.

The Nation-wide Willard Service Organization was established and is maintained for the car owner's benefit, to assist him in getting a really trained service by men who know their job.

The latest of many Willard contributions to battery improvement is the Still Better Willard with Threaded Rubber Insulation—an invention which entirely does away with what was previously an almost universal battery repair expense—reinsulation. Our one objective is the car owner's complete satisfaction, and this we pledge to those who make or sell motor cars and to the millions of men and women who drive them.

PAY TRIBUTE TO A GREAT NEWSPAPER

Buenos, Aires, December 29.—(Correspondence of The Associated Press)—The recent celebration by La Prensa of South America's best known newspaper, of its fiftieth anniversary, was marked by unusual tributes to its prestige.

Its forty-eight page anniversary edition contained congratulations from presidents of seven countries, including President Wilson, statesmen, military leaders and journalists from all parts of the world.

The palatial Prensa building, with its assembly hall, banquet hall, library, school of music, medical clinic, law and other departments devoted to the use of its readers, was the scene of numerous functions for three days.

The employees of La Prensa, numbering six hundred, presented to Ezequiel P. Paz, the owner, a large gold plaque, at a testimonial banquet. Mr. Paz in

urn presented to each member of his staff a gold medal and gave a banquet in their honor.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The annual meeting of the Ohio and West Virginia Field Committee of the Young Women's Christian Association is to take place on Wednesday, January 28th at headquarters in the First National Bank Building, Cincinnati, Ohio, at which time the annual election of officers will be held and the

annual reports will be presented. The Thursday, Friday and Saturday following will be devoted to the mid-winter religious conference for which a number of out of town speakers have been secured.

Among the members who are to attend the conference are Dean Mary Sawyer, Western College, Oxford, Ohio; Mrs. John J. Hoppes, Springfield, Ohio; Miss Anna J. Chapman, Dayton, Ohio; Mrs. Prentice R. Rood, of Cleveland, Ohio.

Speakers for the conference include Miss Ethel Cutler, of the New York headquarters is to conduct a course of Bible study at ten and two-thirty o'clock each day. Doctor Edmund Soper, Northwestern University, Evanston, Illinois, will lead a discussion on "Religious Problems of Asia" at eleven and three-thirty o'clock Friday and Saturday. Miss Florence Simms of New York will speak on "Industrial Standards." Thursday morning and afternoon and Miss Lena Farrar of New York will speak on "Economic Problems of the Association."

Miss Katy Boyd George of the headquarters in New York will present the interests of the student movement. Miss Rhoda McCulloch of New York will also speak.

The club of young girls, figuring socially as The Chi Delta Chi's issued invitations Monday for a Leap Year

Dance to be given Friday evening, February the thirteenth, at G. A. R. Hall.

The dance, the date of which has been changed from Tuesday, the tenth, to Friday, the thirteenth, is the first leap year affair of 1920 and is eliciting much interest in Social Circles.

Parker's popular orchestra of Columbus has been secured for the occasion and several favor dances have been included in the program. The grand march assemblies an, nine o'clock.

Mrs. Eva Penn, Mrs. Ralph R. Penn, Mrs. Walter W. Hamilton are entertaining three afternoons this week Tuesday, Wednesday and Thursday.

The Mothers' Club held session with Mrs. Mart G. Morris Monday afternoon.

Following the club custom of treating both the moral and physical training of the child at each meeting, there were two excellent papers.

Mrs. J. H. Chapman gave able treatment to the subject, "Training the child to do his own thinking develops the strong and resourceful man or woman."

Mrs. Walter Jones presented the subject of "Exercise and Its Benefits" forcefully.

There was quite a little interest in the business session conducted by the president, Mrs. W. D. Craig. Plans for the annual St. Valentine's tea of the Mothers' Club for local charities were taken up. The tea will be held the 13th and 14th of February, if a suitable room can be secured. The club has pledged itself to take care of a number of mothers and babies and must secure funds for the stipulated payments.

A committee of club women has been appointed to assist the probation officer, Miss Robinson, each month in visiting homes and looking after the welfare of those who need assistance.

The club is proud of its record in having sold the highest number of Christmas Red Cross seals.

The Young Women's Home Missionary Society, met with Mrs. Ellis Bishop Monday evening with a good attendance.

After devotional service which was in charge of the hostess, Mrs. F. G. Carpenter acted as leader for the lesson study, and the business program. Mrs. A. O. Riber gave many interesting items concerning the Spanish speaking people on our southern border, and emphasized the great need of Christianizing them.

Miss Margaret Johnson gave a pleasing and appropriate monologue. The coming of the Swiss Bell Ringers was discussed and the prospects for a good attendance at both the matinee and evening concerts are good.

During a delightful social hour Mrs. Bishop was assisted by Miss Lena Housholder.

The second of the Teacher's "Get Together" meetings, at the High School building Monday evening brought together the teachers of the city schools, members of the school board and their wives, for a delightful social evening, the men of the corps acting as hosts.

A dinner that was well witted as delicious and as pleasantly conducted as if the women had served it themselves, was partaken of at six o'clock in the Domestic Science rooms.

Mr. J. M. Kleyer, who received a fall on the ice at his farm near Bloomingburg Monday is suffering from a badly bruised arm. Mr. Kleyer was rendered unconscious by the fall.

FUNERAL SERVICES

MRS. GEORGE M'GREW

The funeral services of Mrs. George McGrew were held at her late home in Main street Jeffersonville, Monday at 10:30 a. m.

For over half a century Mrs. McGrew had been one of the leading citizens of Jeffersonville, holding the esteem and affection of the community to an unusual degree, and over the large gathering which filled the home there hung a deep sadness.

Rev. I. W. McLaughlin, pastor of the Universalist church of Springfield, officiated.

Truth Rebekah Lodge held a beautiful and impressive service, with a full attendance of the members. The women of the W. C. T. U. and Program clubs were also represented.

SPATS! SPATS!! HERE THEY COME SAY SHOEMAKERS

*Conservation of Leather Is
Things Decided Upon,
Hence Those Spats.*

*Local Manufacturers At-
tending Convention Speak
Of Coming Styles.*

Local citizens will be interested to know of some of the action taken and the topics discussed at the National Shoe Convention recently held in Boston and which was attended by M. J. Hagerty, Wert Shoop and Ray Post of The P. Hagerty Shoe Company of this city.

Foremost of all the questions relating to the style was the vamp and the last of the footwear for fall. While Dame Fashion is decreeing that the French influence become predominate in the footwear for "Milady" to the extent that square, very broad, and stubby toes will be ultra smart next fall, American manufacturers, always conservative to the degree that is pleasing to the American woman, are holding out against this wave of romance influence and demanding that some substantial basis be agreed upon for the women of this country.

French influence will be felt, however, in the make-up of the shoes that will be seen next fall on the trim ankles of American women from the best dressed woman on Broadway to that little girl in high school in the remote hamlet.

Spats, spats, and then more spats. Old ladies, matrons and debutantes and the young thing must wear spats, is the verdict of the manufacturers. With leather mounting higher and higher the height of the footwear must necessarily go lower and lower. The boot that looked so becoming with the short skirt is doomed. Hence the opportunity for the spat. Any color is "the thing" just as long as it is a spat.

The low shoes that go with the spats will be some what more stubby in appearance than the style now and will have the military heel. Manufacturers favored the adoption of heavy low shoes, perforated leather trimmings, and partaking of the nature of the foot gear that the smart young man finds so durable for all occasions and that is extremely "jake" in appearance.

There will not be much selection in color, brown, medium, and dark, and black with maybe a gray will be the hues from which the selection must be made.

One thing the manufacturers agreed upon, shoe leather must be conserved.

COLUMBUS HAS A BAD FIRE

Million Dollar Blaze Destroys
Five Buildings of Morehouse
Martens Co. on High street
in Heart of Business District

(By Associated Press.)

Columbus, O., January 26.—Fire early evening destroyed five buildings on High Street, in the heart of the business district, causing a loss estimated at from \$700,000 to \$1,000,000. No one was killed or injured.

Four of the buildings were occupied by the Morehouse-Martens Company, one of the largest dry goods stores in Central Ohio. The other was occupied by the Andrew Dobbie dry goods store, which recently was purchased by the Morehouse-Martens Company. The Morehouse-Martens Company estimated the loss to its stock at \$600,000. Loss on the buildings was estimated at between \$200,000 and \$400,000. Stocks and buildings are fully covered by insurance.

The fire was discovered just after the store was closed for the day and while many clerks were still in the buildings all of which were connected. There was no panic. However, many of them insisted upon obtaining pocketbooks and overshoes before leaving the buildings, despite the fact that smoke was coming through the cracks in the floor. Police were finally forced to drive them from the buildings.

BOUT TONIGHT ONE OF BEST

When Young Sandow, of Ironton, and Paul Bowser, of Newark, take hold of each other on the mat at the armory tonight at 8:15 o'clock, there is every reason to believe that one of the best wrestling matches ever staged in the city will be witnessed by the large number of fans expected at the ringside.

Sandow arrived in this city Tuesday morning and Bowser was scheduled to arrive on the afternoon train. While Sandow outweighs Bowser by 20 on 30 pounds, it is believed that Bowser's skill and ability will make up the difference in weight, and the two big fellows will be fairly evenly matched.

It is the first time either of the two wrestlers have appeared here.

NOW OCCUPYING NEW BANK HOME

The Washington Savings Bank and Trust Company is now doing business from the handsome new home of the institution, on the corner of Court and Fayette streets.

The work of moving into the new home has not been completed, and not all of the interior equipment has been added, so that the formal opening of the bank will not take place until the final touches are added, probably some time early next month.

The work of moving equipment into the new bank home started Monday, when the heavy burglar proof, screw door safe was placed upon a low sled and with a huge motor truck attached to the sled, was moved in safety to the door of the new building, thence across huge plant to its new resting place in the strong vault of the new building.

The bank's new home is one of the most attractive in this part of Ohio, and the public in general will be invited to inspect the new home as soon as it is finally completed.

VACANCIES IN COUNTY HEALTH BOARD FILLED

At the call of County Auditor Glenn M. Pine the chairman of the various boards of trustees and the mayors of all the municipalities of Fayette county out side of Washington C. H., assembled at the court house Tuesday afternoon and elected the two members necessary to fill out the County Board of Health in compliance with the amendment of the Hughes Health Code which provides a board of health for both the city and the county.

Ralph A. Braden, of Wayne township was elected for a term of five years to fill the vacancy left by Pope Gregg of this city. C. O. Deere of Concord township was elected to fill the vacancy left by Dr. Roy E. Brown of this city.

Other members of the board are Dr. A. O. Ervin, of Jeffersonville, Ed Gerhardt, of Marion township, and E. P. Cockerill of Perry township.

It is expected that within the next few days the men will organize and formulate plans for carrying on the work in Fayette county.

Considerable interest centers in the extent of the budget which will be recommended for carrying on the work, the previous budget, which included health work in this city, reached about \$14,000, and causing a general protest throughout the city and county.

It is believed the new budget will be greatly under the budget originally recommended.

BILL PROVIDES FOR TRAINING BOYS 18 TO 21

(By Associated Press.)

Washington, January 27.—Although Chairman Wadsworth announced that he probably would report the measure today because other matters are pending, it was not believed the new army reorganization bill ordered favorably reported yesterday would be called up in the Senate before next week.

The bill designed to create a permanent military policy provides for compulsory military training for boys between the ages of 18 and 21 inclusive.

WOULD SUBMIT PLAN TO VOTERS

(By Associated Press.)

Columbus, O., January 27.—The Joint conference committee was divided today on the question of proposed amendments to the Smith one percent law. House members insisting upon the plan of submitting the question of exceeding the Smith law limitations to a vote of the people while Senate members of the committee declared this plan not practicable.

GET FEW KICKS ON CARDS SENT

(By Associated Press.)

Chicago, January 27.—The Illinois Women's Fair Price Commission which distributed 25,000 blank "complaint" cards received only ten replies from women who believed they were victims of profiteering.

One card carried a long complaint about the price of humming birds and another protested against profiteering in skunks.

FLU SPREADING OVER COUNTRY

(By Associated Press.)

Washington, January 27.—Influenza continues to spread over the country. Reports to the public health service today said the total cases reported in Illinois alone had reached 14,895 and that this probably included only about one-fifth of the actual number.

H. W. WILLS BUYS BUSINESS BLOCK

The Executors of the late Geo. Inskip have sold the garage building on South Fayette street, next to The Herald building to Henry Wills, who will remodel the building within the next few months and greatly improve it.

The building for years has been used for garage purposes. It is brick, two stories high and fronts on Fayette street 41½ feet, extending back to the alley a distance of 165 feet.

FOUR BILLION DOLLAR BALANCE OF TRADE SETS NEW RECORD

The excess of American exports over imports in 1919 amounted to \$4,017,000,000, a new record, according to a statement issued by the Bureau of Foreign and Domestic Commerce, Department of Commerce. Exports for 1919 total \$7,922,000,000, as compared with \$6,149,000,000, while imports were valued at \$3,904,000,000, against \$3,031,000,000 in 1918.

December exports amounted to \$681,000,000, a falling off from the \$741,000,000 recorded for November. Imports also fell off for December the total being \$331,000,000 as compared with \$425,000,000 for November. Both exports and imports were higher than in December a year ago.

The imports of gold in 1919 amounted to \$77,000,000, compared with \$62,000,000 in 1918 and \$552,000,000 in 1917. Exports of gold in 1919 jumped to \$368,000,000 from \$41,000,000 in 1918. In 1917 they amount to \$372,000,000.

No marked change is noted in the imports or exports of silver, receipts amounting to \$59,000,000 and shipments to \$239,000,000 in 1919.

DAYLIGHT SAVING TO UNDERGO VOTE

With a view to having Springfield adopt the "daylight saving" as during the past two years—a thing that proved highly popular in the cities, the Springfield, Sun is now conducting a vote on the proposal, and if the vote is favorable, it is planned to save the hour of daylight as during the past two years.

It will be recalled that the law requiring the adoption of the "daylight saving" was repealed, leaving it optional with cities and communities wishing to observe the former compulsory measure.

WAYWARD GIRL OUT ON BOND

Margaret LeMay, 17, daughter of Edward LeMay, farmer of near Mt. Sterling, is out on bond as result of recent forgeries in which she claims she was assisted by her sister, Edith, aged 20.

The forgeries are said to aggregate some \$700 and ranged in size from \$15 to \$280.

Both girls were placed under arrest and one admitted their crimes, saying that they did it because they wanted fine clothes and their father had declined to get the clothes for them.

RED CROSS SHORT OF WOMEN TO HELP

Only six women appeared at the Red Cross Rooms, Monday afternoon, to assist in the work of making 250 refugee garments, and it would require the six women some 40 afternoons to finish the work if they had no additional help.

Next Monday afternoon the rooms will be open once more for the same work, and it is expected that a great many more members of the Red Cross will appear to assist in the work.

BEST TONIC MADE DRUGGISTS CLAIM

Dayton lady weak and nervous asked what she should take

THEY SAID HYPO-COD

With a hundred tonics on the shelf he well informed up-to-date druggist declares without hesitation, "Earle's Hypo-Cod is the best for a general run-down condition." This is because of the remarkable improvement embodied in this superb preparation and because of the well known therapeutic properties of the ingredients. Mrs. Ida Phillips, a well known lady of Dayton declares that her druggist was surely right when he said Earle's Hypo-Cod would build her up. To quote her own words she said.

"I was all wornout. I have worked hard all my life and I really began to believe I was going into a rapid decline. I was all rundown and felt tired and weary all the time. I slept fairly well but all through the night I would dream, dream, dream until in the morning I would wake up as tired and weary as when I went to bed. My nerves were almost shattered when I finally decided to suffer no longer and asked my druggist for a tonic. They told me Earle's Hypo-Cod was one of the best tonics they had so I bought a bottle. I've taken almost three now and I feel stronger and better in every way. I am not nervous like I was and so I gladly recommend it to others," declared Mrs. Phillips, whose address is 3124 Home Avenue, Dayton, Ohio.

Thousands of weary, wornout women owe their robust health and vigor to a bottle or two of Earle's Hypo-Cod. It is especially good for one at this time of year. Secure a bottle tonight at your druggist.
Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—Advt.

: FAYETTE FARM :
: BUREAU NOTES :

(By L. H. Goddard, Sec'y.)

The farmers in one section of a
 nearby state felt they were not get-
 ting a fair price for a product which
 they were growing for a factory.
 When figures which they compiled to
 prove this were presented by their
 farm bureau the factory officials
 laughed at them.

The farm bureau at this time was
 on a one dollar membership basis. A
 year later when the farm bureau was
 on a ten dollar a year basis the same
 figures were presented again, but with
 much different effect.

In a short time government agents
 appeared on the scene to point out to
 the farm bureau that such organiza-
 tions as theirs were illegal. But with
 a ten dollar organization which in-
 cluded ninety percent of the farmers
 in the area they were able to present
 their cost figures much more forcibly
 than when they had a one dollar or-
 ganization.

Result — The government agents
 went back to headquarters for further
 orders. Upon their return in a short
 time the factory owners were quickly
 able to see that the price they were
 paying the farmers was not fair. It
 was raised and the farmers went
 ahead with their regular production.

Wounds From Rusty
Nails Dangerous

Houstonia Your Safeguard

Serious results, through blood poi-
 soning, often occur from scratches,
 cuts or wounds from rusty nails or
 other metal. Don't run this danger.
 Protect yourself by having a bottle
 of Houstonia always at hand for
 emergency use.

Dean McKillop, well-known farmer
 of Clark Co., Ohio, says: "I stepped
 on a rusty nail which extended half-
 way through my foot. I applied
 Houstonia to the wound and band-
 aged the foot. In a short time the
 pain got easier. After five days I
 did not limp and the wound healed
 nicely."

Houstonia (The Original Jones'
 Liniment) may be freely applied to
 open cuts, sores or burns without
 fear. It soothes while it heals. At
 your druggist. 25c, 50c and \$1.00
 sizes. Be sure you get the genuine

WOULDN'T THINK
OF BEING WITHOUT
DUFFEE'S COUGH SYRUP

"I wouldn't think of being without
 Duffee's Cough Syrup," said a well
 known housekeeper. "I've tried a
 number of cough and cold remedies,
 but there is some quality about Duf-
 fee's that checks a cold at the very
 start. When my children come in
 wet and cold, a dose of Duffee's is al-
 most a sure preventative of a cold, and
 it is simply wonderful when the child
 begins to cough. I've raised my little
 ones on Duffee's, as my mother raised
 me. Over thirty years use has taught
 me to appreciate its value."

Thousands more have had the same
 experience with this reliable remedy
 and its equally valuable assistant,
 Duffee's Fifty-Fifty Tonic Laxative.
 They overcome colds. On sale by
 druggists and grocers everywhere at
 25 and 50 cents. Take a bottle home
 with you.
